Dear all

Thank you very much for attending the presentation and group sessions last week we enjoyed meeting you guys.

*As an update we hope to get the two tests out by Friday 16/02. You will have 2 weeks to complete, please complete by **Friday 02 March 2018**, the two tests are:*

> *1. A cognitive ability test called the Professional Learning Indicator (PLI). This test takes you 12 minutes to complete and covers verbal, numerical and diagrammatic reasoning. You will receive an email directly from the system provider inviting you to complete this test (the subject will be Invitation to PLI).*
> *If you'd like you could google some online PLI test to have a practice before attempting the actual one. Please check your junk folders as sometimes these get redirected into the junk folder.*

> *2. A personality profiling tool called Predictive Index (PI). This takes around 5 minutes to complete and should be completed in your native language. Again, you will receive a link to this directly from the system and if you haven't received it, please check your junk folders. The subject will be PI Survey Login Information.*

Please do ensure that you are not disturbed and have a good internet connection to complete.

If you have any queries you can email on AsiaRecruitment@navig8group.com

Thanks

Emma
